EDUCATION

University of California, San Diego

SEPTEMBER 2016 - JUNE 2019

B.S., Cognitive Science (Specialization in Design and Interaction)

Southwestern College

AUGUST 2014 - MAY 2016

Associate Degree for Transfer, Mathematics

PROJECTS

EasyTrip

COGS 120: INTERACTION DESIGN | SEPTEMBER 2018 - DECEMBER 2018

I developed an app with a team designed to help travelers find things to do in foreign locations. Ran through user tests which led to improving the user flow and overall interface of the app.

Digital Learning Platform — *Co-Creat*e Change (client)

ENG 100D: DESIGN FOR DEVELOPMENT | SEPTEMBER 2018 - DECEMBER 2018

We worked with a student run non-profit organization to develop a platform where Myanmar students can learn about entrepreneurship. Conducted interviews with students in Myanmar to gain user insight and apply them to tutorials and categories in the platform.

Golden Ticket

COGS 187A: INFORMATION ARCHITECTURE | AUGUST 2018 - SEPTEMBER 2018

Developed a high-fidelity prototype for a mobile app targeted towards seniors to help them obtain discounts for a variety of different services. Generated ideas to conceptualize features to create an intuitive interface.
